PERSONAL PROJECTS

WEATHER INFO-APP

- Designed and developed a responsive weather information application using **HTML**, **CSS**, and **JavaScript**. Integrated real-time weather data through **APIs** (e.g., OpenWeather API) to provide accurate forecasts.

E-Commerce Website

- Designed and developed a responsive E-Commerce website using **React.JS+Vite & Tailwind CSS**. We will create the Home page where we will display the latest products, best selling products, newsletter subscription box and Footer. And make Collection, About & Contact page.
